Litigation is often a complex process that requires collaboration and creative thinking. Larry prioritizes his clients' goals by strategically evaluating the matter to guide his team with proactive and deliberate...

Larry's Core Practices

Construction Disputes | Distressed Project Support | Construction Transactions | Complex Commercial Litigation

Larry's practice focuses on construction law and complex commercial litigation.

Construction Disputes

Larry represents construction clients in state and federal trial and appellate courts, in arbitration proceedings across the United States, and before the Armed Services Board of Contract Appeals and other federal administrative boards. He handles breach of contract, delay, lost productivity, construction defect, fraud, bond, mechanic's liens, and indemnity claims. Larry also handles state and federal bid protests as well as disputes under the Contract Disputes Act, False Claims Act, and Miller Act.

Distressed Project Support

Larry represents owners, general contractors, and subcontractors navigating distressed projects. Whether the problems on the project implicate a client's work or that of other stakeholders, Larry advises clients on change management, claim/request for equitable adjustment (REA) presentation, expert consultant support and management, and stakeholder coordination efforts to minimize the impact on clients' construction schedules and balance sheets.

Construction Transactions

Larry represents owners, developers, general contractors, subcontractors, and suppliers in construction transactions. He negotiates, drafts, and reviews a variety of construction contracts and change orders.

Complex Commercial Litigation

Larry represents individuals and businesses of all sizes in complex commercial disputes in state and federal courts as well as arbitration forums around the country. He also represents clients in state and federal appeals. He litigates an array of civil claims, including breach of contract, breach of fiduciary duty, business competition, business divorce, corporate governance, construction, corporate, federal agency and statutes, financial transactions, fraud, tortious interference with contracts, and trade secrets claims.

Relevant Work Experience

Prior to attending law school, Larry had the honor of serving as a sergeant in the United States Marine Corps from 2006 to 2011.

Education

J.D., University of Colorado Law School , *Order of the Coif*

In law school, Larry served as a case notes and comments editor for the Colorado Law Review and received the Courtland H. Peterson Writing Award for his article, *To Have Our Water And Use It Too: Why Colorado Water Law Needs A Public Interest Standard*, 87 U. Colo. L. Rev. 1041 (2016).

B.A., University of Colorado , *summa cum laude*
